

Week 1: From.....To.....

Expected Work:

Complete basic Python programming exercises covering variables, data types, control flow, functions, collections, and basic OOP, along with regular practice assignments.

Day	Activities carried out
1	
2	
3	
4	
5	
6	

Weekly summarization of the above activities:

Signature of Student: Signature of industrial supervisor.....

Week 2: From.....To.....

Expected Work:

Complete practical exercises on advanced OOP, exception handling, NumPy, and basic Pandas, including a small dataset-based practice assignment..

Day	Activities carried out
1	
2	
3	
4	
5	
6	

Weekly summarization of the above activities:

Signature of Student: Signature of industrial supervisor.....

Week 3: From.....To.....

Expected Work:

Perform basic data cleaning, preprocessing, visualization, and EDA on a sample dataset using Pandas, Matplotlib, and Seaborn.

Day	Activities carried out
1	
2	
3	
4	
5	
6	

Weekly summarization of the above activities:

Signature of Student: Signature of industrial supervisor.....

Week 4: From.....To.....

Expected Work:

Complete the individual EDA project by applying data cleaning, feature engineering, scaling, visualization, and analysis techniques, and prepare the project for presentation.

Day	Activities carried out
1	
2	
3	
4	
5	
6	

Weekly summarization of the above activities:

Signature of Student: Signature of industrial supervisor.....

Week 5: From.....To.....

Expected Work:

Create a basic Power BI report using a sample dataset with suitable visualizations and map-based charts.

Day	Activities carried out
1	
2	
3	
4	
5	
6	

Weekly summarization of the above activities:

Signature of Student: Signature of industrial supervisor.....

Week 6: From.....To.....

Expected Work:

Create an interactive Power BI report using advanced visuals, conditional formatting, filters, and slicers.

Day	Activities carried out
1	
2	
3	
4	
5	
6	

Weekly summarization of the above activities:

Signature of Student: Signature of industrial supervisor.....

Week 7: From.....To.....

Expected Work:

Prepare and transform a sample dataset using Power Query, applying suitable cleaning, transformation, Merge/Append, and basic M Language concepts.

Day	Activities carried out
1	
2	
3	
4	
5	
6	

Weekly summarization of the above activities:

Signature of Student: Signature of industrial supervisor.....

Week 8: From.....To.....

Expected Work:

Create and use calculated columns and basic DAX measures to perform calculations and enhance Power BI reports..

Day	Activities carried out
1	
2	
3	
4	
5	
6	

Weekly summarization of the above activities:

Signature of Student: Signature of industrial supervisor.....

Week 9: From.....To.....

Expected Work:

Apply DAX calculations and interactive Power BI features such as Bookmarks and Drillthroughs to develop a more functional analytical report.

Day	Activities carried out
1	
2	
3	
4	
5	
6	

Weekly summarization of the above activities:

Signature of Student: Signature of industrial supervisor.....

Week 10: From.....To.....

Expected Work:

Revise and strengthen important Power BI, Power Query, DAX, visualization, and interactive reporting concepts and prepare for the individual Power BI project in Week 11.

Day	Activities carried out
1	
2	
3	
4	
5	
6	

Weekly summarization of the above activities:

Signature of Student: Signature of industrial supervisor.....

Week 11: From.....To.....

Expected Work:

Complete and finalize an individual Power BI project using a Kaggle dataset, including data preparation, analysis, interactive visualizations, and a multipage report.

Day	Activities carried out
1	
2	
3	
4	
5	
6	

Weekly summarization of the above activities:

Signature of Student: Signature of industrial supervisor.....

Week 12: From.....To.....

Expected Work:

Complete the resume, professional grooming activities, project presentation preparation, and basic Generative AI learning, and review the overall learning gained during the internship.

Day	Activities carried out
1	
2	
3	
4	
5	
6	

Weekly summarization of the above activities:

Signature of Student: Signature of industrial supervisor.....
